## About Rocket Languages:

Rocket Languages is an award-winning interactive online language learning system developed by an international company. The multi-faceted, comprehensive system allows patrons to learn conversational language at their own pace. The DRM-free program allows patrons to fully utilize Rocket Language learning as it was designed; by downloading it for easy access at their convenience. Patrons continue to access their program over a week, a month, or six months until they determine they have completed the course.

## Library Features

- Unlimited multiple simultaneous usage
- Unlimited patron downloads (MP3) or streams
- No DRM (patron downloads do not expire, are compatible with all players)
- Real-time reporting site for libraries
- Works with library authentication
- MARC records
