

ir books™
immersive reality

IR Books are the first of their kind. Combining cutting edge VR and AR technology with traditional children's books. IR Books redefine the learning experience, allowing children to delve into new and exciting topics like never before.

Travel back in time to witness the birth of the universe, dive deep beneath the ocean for a close encounter with a Great White Shark and journey to exotic destinations around the world. IR Books turn curious kids into protagonists of their own adventures, offering a wide range of engaging content to explore in a truly unforgettable way.
